Developing Healthy People 2030: *Healthy People Federal Interagency Workgroup Activity & Public Comment*

Martina V. Taylor, MT, ASCP
Senior Prevention Science Advisor, NCI
National Institutes of Health
HP2020 FIW Member
Cancer Topic Area Co-Lead Coordinator

Three-Pronged Approach to HP2030 Development

Two HP2030-related Subgroups:

- Purpose: Begin development of Healthy People 2030
- Review nominations, propose member roster for Advisory Committee
- Develop draft charge to the Advisory Committee
- Propose Vision, Mission, Overarching Goals
- Propose objective selection criteria

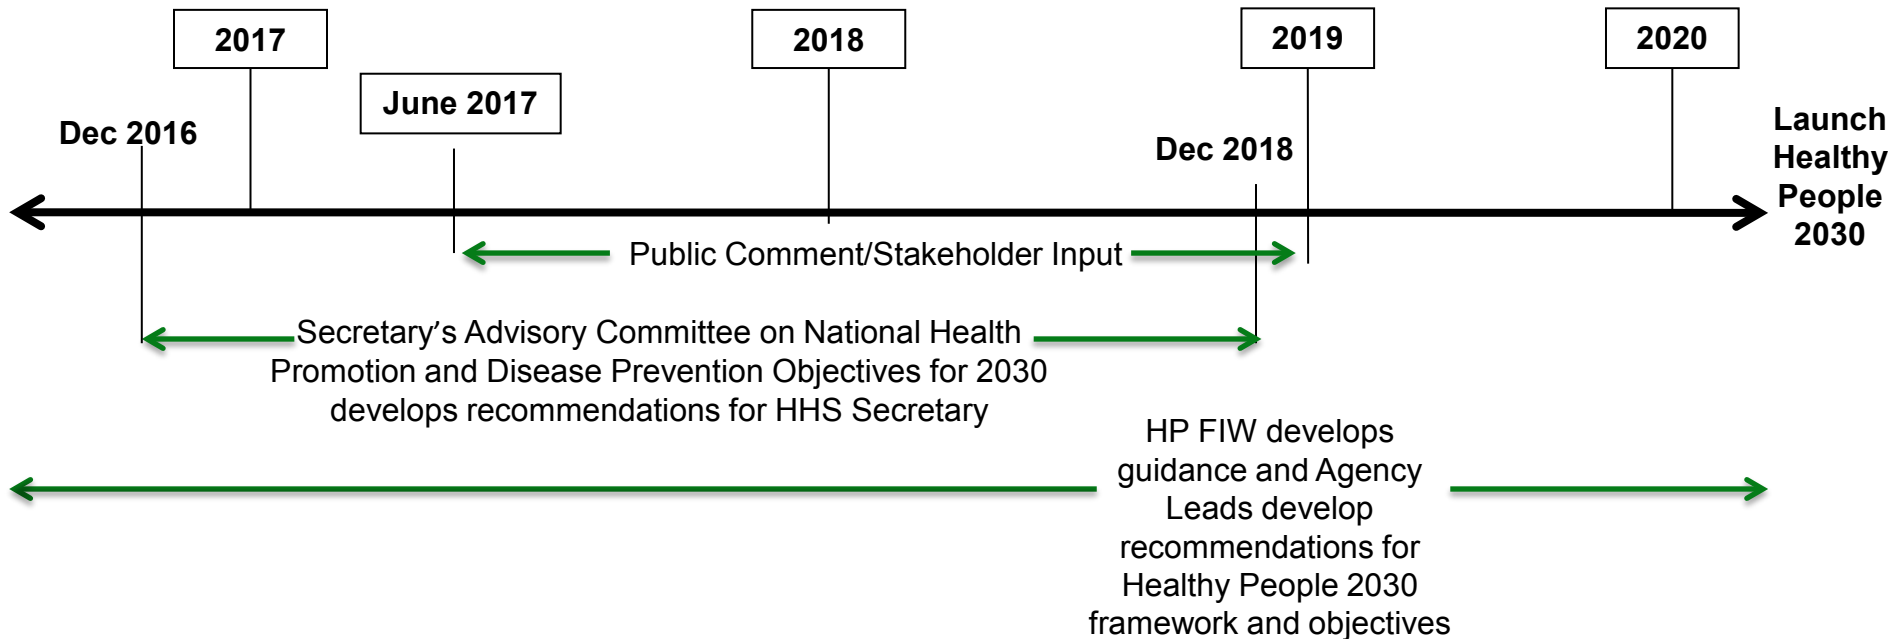

- Created to provide input to the FIW HP2030 Subgroup and the FIW regarding the HP2030 Framework (Vision, Mission, and Overall Goals)
- Initial assessment is that the HP2020 Framework is a solid starting point for building the HP2030 Framework
- Subgroup has developed preliminary concepts for HP2030 Vision, Mission, Overarching Goals
- FIW continues to consider the subgroup's proposals and plans to incorporate their input through the public comment process with the Advisory Committee

- Seek Stakeholder Input
- Two Phases of HP2030 Public Comment
 - Phase 1: The Framework (Vision, Mission, Overarching Goals)
 - Phase 2: The Objectives
- Key Activities for 2017
 - Summer – Informational webinar
 - Summer/Fall – Online public comment via HP.gov
 - September – In-person public comment at the Secretary's Advisory Committee Meeting
 - November – Session at the APHA annual meeting

- Members of the Public
- State Health Officials
- Local and County Health Officials
- Tribal Health Organizations
- Academia
- Non-Governmental Organizations
- Community Health Advocates
- Businesses
- Foundations
- Federal Agencies

Phase I *Development of Framework*

Phase II *Development of Objectives*
